Review Report on the interim financial information

Introduction

We have reviewed the accompanying interim condensed financial position of Umm Al Qaiwain General Investments Company P.S.C. - Public Shareholding Company (hereinafter referred to as the "Company") as of March 31, 2024, the related interim condensed statements of profit or loss, interim condensed statement of other comprehensive income, interim condensed statement of changes in equity and interim condensed statements of cash flows for the three months period then ended. Management is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard No (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditors of the Entity".

A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

3- Significant accounting policies

This interim condensed consolidated financial information has been prepared in accordance with the accounting policies and methods of computation adopted in the audited consolidated financial statements for the year ended December 31, 2023.

3-1 Application of new and revised International Financial Reporting Standards (IFRSs)

The Company adopted amendments to IFRSs which are effective for annual accounting period starting from January 1, 2024 and the management believes that those amendments did not have any material impact on the accounting policies of the Company. The Company has not early adopted any standard, interpretation or amendment that has been issued and not yet effective.

3-2 Critical judgments and estimates

The preparation of interim condensed financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed financial information, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the annual audited financial statements as at and for the year ended December 31, 2023.

Based on the management's assessment, it believes that the Company has the required liquidity and plans to settle its current liabilities. Also, the management is continuously revising their assumptions, estimates and judgments and monitoring the liquidity position according to emerging events.

4- FINANCIAL RISK AND CAPITAL MANAGEMENT

4-1 Capital risks management

The Company use of financial instruments exposes it to financial risks such as credit risk, Liquidity risks, market risk, foreign currency risk and capital risk.

The Company continuously reviews its risk exposures and takes the necessary procedures to limit these risks at acceptable levels.

The significant risks that the Company is exposed to are as follows:

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to pay an obligation causing the other party to incur a financial loss.

The financial instruments that potentially subject the Company to concentrations of credit risk consist principally of receivables on investments.

18- FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Company is going concern without any attention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Assets and liabilities measured at fair value in the statement of financial position are grouped at three levels of the fair value hierarchy. This Company is determined at the lowest level of significant inputs used in the measurement of fair value, as follows:

Level one: Prices offered (unadjusted) in active markets for identical assets or liabilities.

Level two: Inputs other than quoted prices within Level one that can be observable for assets or liabilities either directly (ie as prices) or indirectly (ie derived from prices).

Level three: Inputs of assets or liabilities that are not based on observable market data (unobservable inputs).
