

Media Release:

## **ADNOC Gas Shareholders Approve Record \$3.41 Billion Dividend for Full Year 2024 Following Strong Financial Performance**

*Full Year dividend of \$3.41 billion is the highest of any issuer on ADX in 2024 – final dividend of US\$1.7 billion to be paid in Q2 2025*

*Strong results drove Total Shareholder Return of 19% for Full Year 2024*

*Company on course for potential MSCI and FTSE index inclusion in 2025 following 80% free float increase through successful marketed offering of 3.1 billion shares*

**Abu Dhabi, UAE – March 24, 2025:** ADNOC Gas plc and its subsidiaries (together referred to as “ADNOC Gas” or the “Company”), confirms shareholder approval at its Annual General Meeting (“AGM”) to distribute \$3.41 billion in full-year dividends for 2024, including a final dividend payment of \$1.706 billion scheduled for distribution in the second quarter of 2025.

**His Excellency Dr Sultan Ahmed Al Jaber, Chairman of ADNOC Gas’ Board of Directors,** commented: “In 2024, we achieved record financial results, advanced major growth projects and declared the largest dividend payment on the ADX, while continuing to capitalize on robust market fundamentals to deliver a total return to shareholders of 19%. As the world increasingly turns to natural gas and LNG, particularly in Asia, we further strengthened our position as a critical enabler of global energy security and a key contributor to the UAE’s economic growth and industrial development. ADNOC Gas remains uniquely positioned to unlock further growth while supporting the transformation of global energy systems.”

ADNOC Gas delivered strong financial results in 2024 reporting record adjusted net income of \$5 billion, up an impressive 13% year-on-year, and strong EBITDA growth of 14% year-on-

year to \$8.65 billion, with a high, stable EBITDA margin of 35% with free cash flow of \$4.58 billion.

ADNOC Gas' robust full-year 2024 results demonstrate the success of its disciplined strategy, unveiled in November 2024. The strategic update outlined investments of \$15 billion in growth opportunities designed to meet the escalating global demand for natural gas and drive a projected 40% increase in EBITDA by 2029 from a 2023 baseline. This will be achieved through an expected 30% increase in the company's gas processing capacity as ADNOC expands its upstream production capacity.

The AGM follows the completion of ADNOC's recent marketed offering of 3.1 billion shares in ADNOC Gas – the largest share placement ever on the ADX and the largest secondary offering in the UAE at \$2.84 billion. As a result of the completed offering, ADNOC Gas has expanded its shareholder base and anticipates potential inclusion in the MSCI and FTSE indices as early as this year.

**Dividend Payment Dates**

Dividend Period	Amount (AED)	Last Entitlement date	Ex-dividend Date	Shareholders' registry closing date	Payment Date
