REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF ABU DHABI PORTS COMPANY PJSC

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Abu Dhabi Ports Company PJSC (the "Company") and its subsidiaries (together, the "Group") as at 30 September 2026 and the related condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the nine-month period then ended and selected explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 *Interim Financial Reporting* (IAS 34). Our responsibility is to express a conclusion on this interim financial information based on our review.

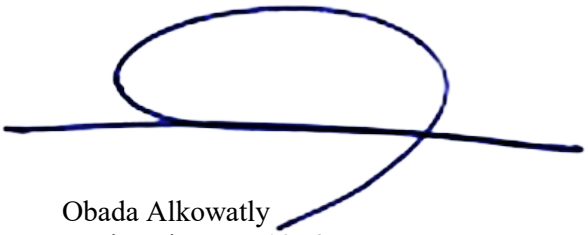

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "*Review of interim Financial Information Performed by the Independent Auditor of the Entity*." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information of the Group are not prepared, in all material respects, in accordance with IAS 34.

27.4 UAE Corporate Tax and Pillar Two

The UAE Ministry of Finance released Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses on 9 December 2022 to enact a Federal corporate tax (CT) regime in the UAE. The CT regime became effective for accounting periods beginning on or after 1 June 2023. Taxable income up to AED 375,000 is subject to a 0% rate, with income above this threshold taxed at 9%. The law is substantively enacted for IFRS purposes.

The Group is headquartered in the UAE and within the scope of the Organisation for Economic Co-operation and Development (OECD) Inclusive Framework on Base Erosion and Profit Shifting (BEPS) Pillar Two Anti Global Base Erosion Rules ("GloBE Rules"), with relevant legislation relating to this substantively enacted in twenty-two jurisdictions in which the Group operates as of 30 September 2026, including the UAE.

The Group has performed a preliminary assessment of its potential exposure to Pillar Two income taxes in these countries and has considered the relief provided in the OECD guidance such as the Transitional Country by Country Reporting Safe Harbours (TCSH). The Group expects to meet the TCSH relief in a majority of the relevant jurisdictions.

For the period ended 30 September 2026, the Group recognised AED 3,596 thousand in current tax expense related to Pillar Two. In line with the IASB's temporary relief issued in May 2023, the Group has not recognised or disclosed deferred tax assets or liabilities related to Pillar Two.

The Group continues to actively monitor the legislative activity and expected impact of Pillar Two on its future financial performance.

However, as of the reporting date, effectively all the Group's facilities are operational. Given the rapidly changing circumstances, it is currently not possible to reliably forecast any potential financial impact. Management will continue to closely monitor the situation and assess any implications for the Group's operations, financial position, and financial performance.
